Hello. Thank you very much for your interesting text.

In your letter you ask me about technology. As for me, I think it is very comfortable for peoples. People can know how live their grandmother or grandfather. I think this thing important in our life. If suddenly happend with their grandmother or grandfather, family was known about of happened. There are times when we have no time to go and vizeit relatives and then we can find out now they are. Every year more and more new technologies that help us a lot. I think the article was very interesting and informative.

Sorry, I have to finish my letter. I have to prepare my lessons for tomorrow.

Best wishes,

Oksana 131
